## ROUND TABLE DISCUSSION

F. Thibeault explained the option discussion rotary activity. The results of the activity are attached as Appendix A. Note that we will have the opportunity to review these options again as part of the SBRC Working Meeting #3. The goal is to have two (2) options to present at the Public Information Meeting that is scheduled to take place on March 23, 2020 at 6:30 pm in the library at Jean Vanier CSS.

At the end of the Rotary, the following points summarized the results of the Activity:

- The committee unanimously agreed that Option A was the preferred ultimate boundary solution;
- The vast majority of the committee agreed that Option C isn't viable and should be removed;
- Option B and D should be discussed further as alternative options at the next meeting; and,
- There was a request that Option E, which aligned parish boundaries, would be presented at the next meeting.

The committee was informed that all presentation documents, Board reports, meeting minutes, boundary maps, enrolment forecasts and other school boundary information will be available on the Board's website at:

<https://schoolplanning.hcdsb.org/milton-css-boundary-review-2019-20/>

Board staff asked the Committee to continue to review the school boundary options presented this evening and to discuss the proposed options with other parents in their respective school communities.

If Advisory Committee members have any questions, they are encouraged to submit them to Donna Sayers, Administrative Assistant, via email: [sayersd@hcdsb.org](mailto:sayersd@hcdsb.org).
