Notes:

- The school **could only accommodate Grade 9 students for the 2021-22 school year** and does not fully address significant enrolment pressure at Jean Vanier CSS that year.
- School **cannot hold student in the event of a delay in the new school opening.**
- Some access to specialized classrooms as it will be need to be shared with over 1100 students at that school compared to other options.
- Potentially similar bus pickup and slightly later drop off times to current times at Jean Vanier CSS.
- Access for before and after school activities in Milton may pose challenges, therefore late bus may be provided to accommodate students.
- Opportunity to create and establish own school identity is significantly diminished compared to other options, as space will need to be shared with the existing Corpus Christi school community.
