**3**

2022-23 School Year

Projected Enrolment

**1688**

Available Space (incl. portables)

**40**

Available No. of Portables

**2**

## Notes:

- The school **cannot accommodate any of the holding school population.**
- School cannot hold student in the event of a delay in the new school opening.
- Limited access to specialized classrooms as it will be need to be shared with over 1300 students at that school compared to other options.
- Potentially similar bus pickup and slightly later drop off times to current times at Jean Vanier CSS.
- Access for before and after school activities in Milton may pose challenges, therefore late bus may be provided to accommodate students.
- Opportunity to create and establish own school identity is significantly diminished compared to other options, as space will need to be shared with the existing Holy Trinity school community.
