Available No. of Portables

32

2022-23 School Year

Projected Enrolment

1135

Available Space (incl. portables)

650

Available No. of Portables

31

Notes:

- The school **could only accommodate Grade 9-10 students for the 2021-22 school year** and does not fully address significant enrolment pressure at Jean Vanier CSS that year.
- School **cannot hold student in the event of a delay in the new school opening.**
- Some access to specialized classrooms as it will be need to be shared with over 1100 students at that school compared to other options.
- Potentially similar bus pickup and slightly later drop off times to current times at Jean Vanier CSS.
- Access for before and after school activities in Milton may pose challenges, therefore late bus may be provided to accommodate students.
- Opportunity to create and establish own school identity is significantly diminished compared to other options, as space will need to be shared with the existing Notre Dame school community.

Option Analysis

2021-22 School Year

OPTION	GR9	GR9-10
PREFERRED A	287	550
B	350	723
