

Increase Capacity Option 1A

Ministry Loading Increases

Required Loading to Avoid SBR for 2021-21 School Year

Reason for Removing Option:

- Ministry of Education announced 23/1 loading, which is not sufficient to accommodate enrolment.

The current Ministry Loading is **21/1** per classroom.

Based on the below chart, a Ministry Loading of approximately **23/1** to **25/1** per classroom would be required to fit all students at Jean Vanier CSS.

Jean Vanier Ministry Loading Comparison
